Evolution Tile Deck Tray

Check out our latest innovation: The Evolution tile deck tray. This stronger, smarter solution is installed on top of our Evolution steel deck joists to make tile installations quick and easy. The design provides fall-through protection and water drainage, while creating the ideal surface for tile paver installations.

KEY FEATURES & BENEFITS

VERSATILITY | Design the deck of your dreams to include tiles, or a combination of tiles and deck boards. Compatible with wood and other framing materials.

FIRE PROTECTION | A Class-A fire rating means your deck is resistant to fire and meets the requirements for use in all WUI zones.

RELIABILITY | Keep your deck strong and true because powder-coated steel does not rot, warp or split and is protected from insect damage.

DESIGN OPTIONS | Make your deck stand out in the neighborhood by using tile for a unique look and a smart investment.

WARRANTY

Enjoy the peace of mind from the same warranty as the code-approved (Intertek CCR-0313) Evolution steel framing with a 25-year warranty and a hassle-free claims process. Visit FortressBP.com for complete warranty details and exclusions.
