

# VALKYRIE

— CABLE BARRIER SYSTEM —

## POWERFUL. RELENTLESS. UNYIELDING.

Discover Valkyrie, the next-generation perimeter protection system designed to keep your high-security buildings secure without compromising on style. Built for commercial, government, military bases, and educational environments, Valkyrie delivers top-tier anti-ram performance with a sleek, modern look that blends seamlessly into any setting.

What sets Valkyrie apart? Flexibility, durability, and ease of installation. Its modular design adapts to your needs, making it a smart, cost-effective choice. Plus, with high-strength materials and low maintenance requirements, you get long-term reliability without the hassle.

Backed by the industry-leading innovation of Fortress, Valkyrie isn't just another security solution, it's a smarter way to protect what matters most.

### HIGH-SECURITY SOLUTION

### ANTI-RAM PERFORMANCE

### EASY INSTALLATION

## KEY FEATURES & BENEFITS

### M30/50 UNIVERSAL DESIGN

Same design available for both P1 and P2 ratings.

### VERSATILE APPLICATION

Can be used as a stand-alone system or integrated with Fortress fencing.

### NO ADDITIONAL SUPPORT NEEDED

Eliminates the need for post kickers or bracing. No need to trench or bore underground.

### EASY INSTALLATION & MAINTENANCE

No in-ground cables, making installation and repairs easier than standard cable systems.

### EFFICIENT FOUNDATION DESIGN

Utilizes an augered hole with no floating posts, saving both labor and excess concrete during installation.

### MINIMAL HARDWARE REQUIREMENTS

Termination points with pin-lock design eliminate the need for additional clamps and spelter sockets, reducing costs and installation time.

### CUSTOMIZABLE OPTIONS

Available in multiple ratings and adaptable to fit various spacing requirements.

### DURABLE PROTECTION

Galvanized finish ensures long-lasting corrosion resistance.

### CUSTOMIZABLE AESTHETIC

Available in multiple color options to match project needs.

### PREMIUM FINISHES

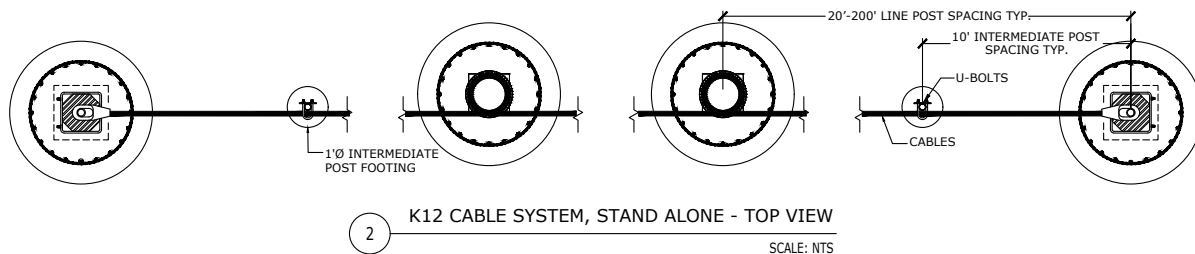

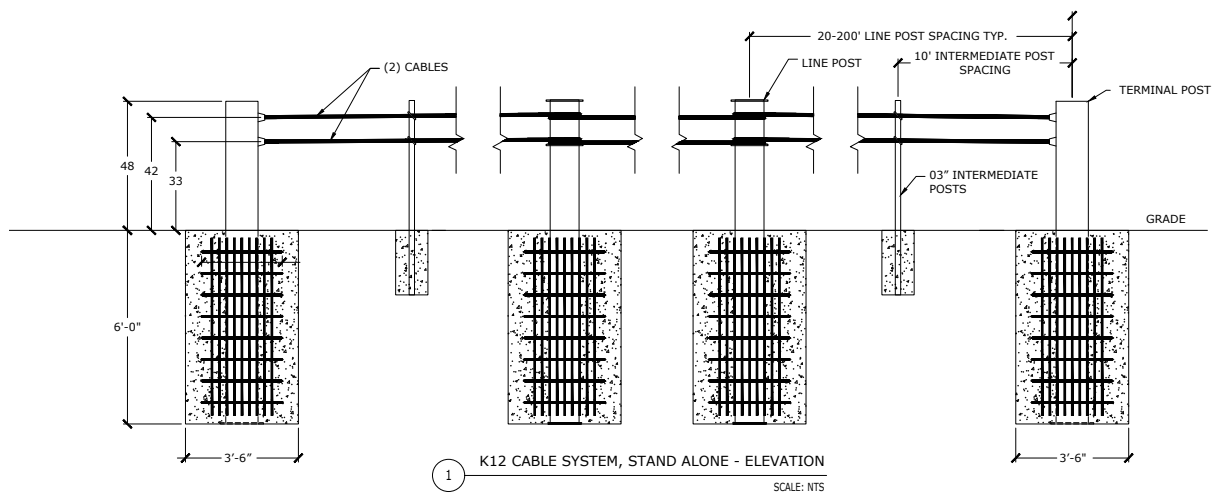

Custom Color Options Available
