FORTRESS® CLADDING INNOVATION CLIMBING TO NEW HEIGHTS

Art hangs on the wall. Now, it can be the wall. Fortress® is excited to bring you the evolution of facades with our new cladding products. Fortress cladding products are made of 60% bamboo fibers (a strong, safe and sustainable resource) and 40% recycled plastics (which would otherwise end up in landfills). Create your own architectural cladding masterpiece with lasting, vibrant aesthetics, along with vivid colors and exceptional warranties.

FORTRESS® DECKING FEARLESS & PEERLESS

Tired of run-of-the mill decking and boring boards? Crafted from sustainable bamboo and recycled plastics, our decking boards are designed for a greener world. Design your ideal architectural deck space with revolutionary products that are resilient and refined. Fortress® decking delivers two distinct lines with rich colors and natural textures that will change the way you bring your vision to life.
