CAPPED BAMBOO-PVC COMPOSITE CLADDING

EXPLORE

APEX
CLADDING

PEAK PERFORMANCE IN FORM AND FUNCTION

An eco-friendly solution that's visually stunning and easy to install. That's Apex[®] cladding. Our capped bamboo-PVC composite cladding boards are lighter, more uniform, and easier to maintain than standard PVC boards. That means you'll save time and money on maintenance and installation while elevating your home or business' appearance and durability to the next level.

KEY FEATURES & BENEFITS

ECO-FRIENDLY | Made with bamboo approved by the Forest Stewardship Council and recycled plastics for the perfect combination of sustainability and durability.

EASY TO INSTALL | Designed to save you time and energy on installation, Apex® cladding boards require no special equipment and are 45% lighter than composite boards.

BUILT TO PERFORM | Rainscreen technology and Fortress® cladding combine to provide unmatched resistance to moisture, scratches and UV fading.

WARRANTY

We stand by your side and behind our Apex® cladding with a 50-year residential warranty, a 15-year commercial warranty and a hassle-free claims process. We also warrant against stains and fading. Visit FortressBP.com for complete warranty details and exclusions.
