CHANGE STARTS FROM THE BOTTOM

Look underneath most decks and you'll see a weak link. Your decking and railing is engineered to last 25 years or more. So, why are you using wood framing? Choose Evolution steel deck framing, a smarter steel system designed by deck builders, for deck builders. The interlocking joist and ledger system lets you build sturdy, safe decks with less effort. Our powder-coated finish provides increased corrosion resistance and a more finished look.

**EASIER
TO BUILD**

**SAFE,
COMPLETE
SYSTEM**

**LONG-LASTING
FOR FEWER
CALLBACKS**

KEY FEATURES

- Looks and installs like wood
- Builds flat, stays flat!
- Provides greater spans between supports
- Works with any type or brand of decking, including composite, PVC, aluminum, tile, wood, and tropical hardwoods
- Carries a 25-year limited manufacturer warranty
- Designed for low-maintenance, durability, ease of installation, and safety
- The premium Black Sand powder coat virtually disappears when you're above or below your deck
- A noncombustible material, resistant to fire and invulnerable to rotting, warping, splitting, and pesky insect damage
- Wood boards are often soaked with insecticide and fungicide. Not steel
- Steel is recycled and recyclable, making it more sustainable than wood

BUILT TO LAST

25-Year Limited Warranty

Evolution Steel Framing is designed to last as long as your pre-fabricated, pre-engineered railing and composite/synthetic decking. You no longer have to worry about replacing your deck framing when your decking and railing are still going strong. Our structural steel is dual-layer protected with Galvanization and Powder Coating to provide protection that will last.

A STEP ABOVE THE EXPECTED

Eliminate time and headaches with this innovative solution. The stair components and brackets work with the Evolution joist and beams to provide a quick, easy assembly, dramatically decreasing installation time!

16 GAUGE JOIST
