## ADD-ON DOG PANEL

The accessory dog panels are perfect for keeping smaller dogs in or unwanted animals out. The addition of these panels to an Extended Picket or Pressed Spear design brings a 3-7/8" air space to just 1-5/8" without substantially changing the look of your fence or adding significant cost. \*Dog Add-On Panel as shown installed. Dog Add-On Panel requires just two HD-104 Brackets to install with Extended Picket Panels or Pressed Spear Panels.

## CUSTOM FABRICATION
